

RWS EVOLVE

DELIVERING SUPERIOR TRANSLATIONS AT SCALE WITH SIGNIFICANT EFFICIENCY GAINS ACROSS YOUR TRANSLATION SUPPLY CHAIN.

Evolve, built by humans for humans, is a pioneering innovation that will enable life science companies to benefit from a platform that achieves human-like translation quality, almost instantly, significantly reducing the time required for manual processing during the translation process.

The deployment of Evolve is the latest innovation in RWS's ongoing partnership with global life sciences companies. The goal? To help these companies apply AI to solve their complex business problems.

This technology, much like Machine Translation (MT), will drive immediate savings while delivering the same high-quality translation output at scale, in a trusted deployment model.

WHAT IS EVOLVE?

EVOLVE IS THE WORLD'S FIRST GENUINE INTELLIGENCE™ LINGUISTIC AI SOLUTION.

Evolve enables pharmaceutical companies to cost-efficiently harness the latest innovations in Generative AI in a fully secure, end-to-end Linguistic AI solution. By automating post-editing to minimize manual work and optimize expert resources in translation workflows, it drives previously unseen productivity gains and transforms translation ROI. With unique, self-improving AI scaled for enterprise-wide synergy, the solution accelerates and maximizes the strategic value of translation services.

WHY EVOLVE WITH RWS?

Evolve delivers the following benefits:

- **Superior translations at scale** — Our solution will deliver improved translation quality.
- **Faster time to market** — Our solution significantly speeds up localized content production to enable you to achieve faster time to market. 'Linguistic AI' reduces the human labour requirements in the workflow and automates more of the end-to-end translation process.
- **Significant cost efficiencies** — Evolve will drive cost efficiencies of 15%-30% on your localization spend.
- **Secure, strategic AI adoption** — Evolve empowers you to harness the potential of AI for your organization. Secure and strategic, our enterprise-grade solution allows teams to access the benefits of AI without the risk of using unsecure tools such as ChatGPT or public online translation tools.
- **Supporting exponential growth** — Evolve is self-improving AI, meaning the more it's used, the better it gets.
